

## WARRANTY

### Standard Warranty

Old World Kitchens & Custom Cabinets (Old World) provides a "Limited Lifetime Warranty" on our products. The warranty on drawer slides and hinges is for the lifetime of the kitchen. Old World also provides a 2-year warranty on cabinet construction, doors, finishes and surface hardware supplied by Old World. This warranty is expressly limited to replacing or repairing defective parts at Old World's discretion and covers parts only, and will not extend to labour or features and conditions found inherent in the wood species, style, or finish attributes. All dates are from date of installation.

This warranty is only valid if cabinetry is installed by Old World or an authorized Old World dealer and only to the original purchaser of the cabinets at the original site of installation and is not transferable.

This warranty is applicable only in climate controlled residential applications (relative humidity 35-55% and temperatures ranging 17-24°C). This warranty shall become void if the cabinets are damaged by misuse, abuse, negligence, alterations, acts of God, improper installation or handling and storage of our cabinetry by others.

### Disclaimer

Every species of wood has natural characteristics unique to the tree from which it came. Natural graining, colour and texture variations define the beauty of natural wood products. At Old World we strive to obtain the most consistent grain and colouration available for each species, yet due to the uniqueness inherent in a wood product Old World cannot be responsible for the natural variations that may characterize your cabinet selection.
